\*Parents education level was included as an entry item on the new Texas Common Application in 1998. Most of the freshmen who applied at TAMU for Fall 1998 didn't use the Common Application so reliable parents education level data is not available for that year. The majority of the student applications for Fall 1999 were from the on-line Common Application so the data is available. However, the high numbers for applied, admitted and enrolled for Fall 1999 indicate that applicants may not have entered this item correctly.

Apps = Applications for summer or fall complete by the closing date  
 Admits = Admits for summer or fall  
 Enrolled = Enrolled fall

NOTE: Beginning Fall 2010 all OISP reports will reflect the federal and state mandatory requirements for reporting Ethnicity. Two new race categories will be added: "Native Hawaiian" and "Two or More".
